

Mission Statement

Our school endeavours to promote a happy, healthy, safe atmosphere. It aspires to be a place where children and staff enjoy working, teaching and learning together in harmony.

We promote respect and understanding by all, of all and this is endorsed by a positive discipline structure. Our school fosters a Christian ethos and spiritual development.

We aim to enable each child to develop to his/her full potential. We will encourage co-operation, teamwork, flexibility and the sharing of talents of both staff and pupils.

Our school aspires to promote positive relations between parents, children, school staff, management and the community at large.
